AFFAIR OF HONOR

Is Conducted With Regulation of Ring Without Its Danger and Cruelty.

Rear-Adimiral Webster was inter-poster and pesterday afternoon by a Times-pispaten reporter in regard to system of duelling asked, and the matter would never be to vogue among the cadets at the Naval brought to the attention of the authorities. deplored the sad result of the fight between Midshipmen Branch and Meriwether, in which Branch lost his life, and admitted that he thought it was by michance only that the young man was killed. said that there is a system of duelling with gloves among the cadets, as there is more or less in all of the colleges of the country, but that it is not officially re cognized by the authorities of the academy. "Peaching" by one cadet on another is considered a stigma and disgrace on the part of the one who would commit such a breach of honor-the honor that is recognized among all student bodies. When disputes or ill-feeling arise among the cadets, the matter is usually settled in a fair fight, conducted with all the regulations and rules of the prize ring, barring certain dangerous blows, and conducted with all impartiality and conducted with all impartiality and fairness. This system has been in vogue

The agent while here expressed himself as highly ideased with the management of the office and the efficiency of the force employed. He regarded the office as one of the best conducted in the country.

"In the meantime I had learned that two or three curs of strong soffee would relieve an attack or lessen its severity; also that when I did without coffee the headache was stire to come on.

"I got worse and worse, and was so nervous that the least noise drove me wild. I told the doctor about this one day, and he at once said 'You ought never to drink coffee!

MAYOR BUXTON THE LEADER FIRST DISTRICT MEN DOWN

Has Co-operation of Many in the Matter of Municipal League.

The Mayors of the various cities and towns in Virginia are to have a meetist and 15th of December for the purpose of organizing what will be known as the Virginia League of Municipalities.

Mayor Samuel R. Buxton, of Newport News, who is the moving spirit in thematter, and who is one of the most pro-State, held a conference here with Mayor McCarthy on the subject yesterday, and the two fully agreed as to the importance of the departure. Mayor Buxton has already the support of a great many others Mayors in the State, Including those of Fredericksburg, Suffolk, Alexandria, Berkeley, Williamsburg, Staunton, Bedford City, Cape Charles, Roa-noke, Graham, South Boston, Ports-mouth, Hampton, Petersburg, Charlottesville, Lexington, Smithfield and Newport

FOOT-BALL FOR TO-DAY.

William and Mary and Spiders to Meet This Afternoon.

to Meet This Afternoon.

To-day will witness many games of interest among the colleges. Richmond College and William and Mary will cross swords at half-past three this afternoon in Broad Street Park. The two teams are so evenly matched that odds are not placed on either, and the score, whatever it may be, will be very close. Both teams have picked up considerably since the opening of the scason, and there is little to choose between them. William and Mary has had four players on the sick list, and for the Spiders Hardy has been out for a time, but it is hoped that a full team will appear for both colleges. The contest promises to be fast, close and hard fought.

The University of Virginia will play George Washington University in Washington to-day. Odds are on Virginia, but the local team will put up a stiff fight, as this is said to be the strongest team in the history of the school. The next game for Virginia is the one with the Navy cadets in Annapolis, November 18.

North Carolina will play the A. and

18.

North Carolina will play the A. and M. College to-d-y in Raieigh. The college boys have a strong aggregation, and as always, this will be a close contest. V. P. I. will play Washington and Lec. in Blacksburg. Carpenter and Wilson casnot be played, and this will make the game a little more even. But even at that the Lexington team must roly greatly on her defensive tactics.

The great Northern games will be as follows:

MUCH MONEY FOR PUBLIC SCHOOLS

Apportionment of Funds Made By State Depart-

RICHMOND CITY'S

Gets \$6,712.73, While \$3,484.29 Goes to Henrico

The State school authorities have com

The State school authorities have completed the apportionment of school funds among the various countes and clies of the State for the present session.

The entire amount is \$193,224.54, and is for the benefit of 578,818 pupils. Richmond city's share is \$6,112.73, while that of Henrico county is \$3,842.9.

The apportionment is at the rate of thirty-three cents and four mills percapita of the school population. The whole amount apportioned is \$123,224.54. This apportionment is made on account of the appropriation by the General Assembly under act approved March 12, 1904, and the accumulated interest on investments of the Literary Fund. From the gross amount accruing from these sources are deducted the salaries of the super-intendents of schools, the expenses of the central office, the salaries and traveling expenses of the State Board of Examiners and inspectors, and the appropriation for summer normal schools. The attention of officers is called to the fact that this money is to be applied exclusively to the pay of teachers of primary and grammar grades.

The following table shows the school population of each county and city, and the amount of money apportioned to each:

PACKING PLANT

Brightly Last Night.

The total insurance carried on the buildings and stock of the Virginia Packing Company, the plant of which was destroyed by fire Thursday night, amounts to \$149,500, and was placed through the fire nsurance firm of J. B. Moore & Co., and

insurance firm of J. B. Moore & Co., and through William Talley. Thirty-two companies had insurance on the buildings or stock. The Hartford Company carried a policy of \$12,000, and this is the largest individual company, the others having policies ranging from \$8,000 down to \$1,600.

The smouldering fire could be seen all of yesterday and occasionally the flames would leap high into the air. Coal in a gondola that was standing on the side-track adjoining the structure, was burning last night.

No time will be lost by the officers of the packing company in rebuilding on the same site. Bids will be advertised for within a few days and the workmen will go to work.

Preliminary Estimates of the Average Per Acre Compared With 1904. (By Associated Press.)

WASHINGTON, November 10,-Th crop reporting board of the Bureau of Statistics of the Department of Agri-

cultural finds as follows:

The preliminary returns on the production of corn in 1995 indicate a yield of about 2,70,393,540 bushels or an average of 28.8 bushels per acre. The preliminary estimate of the average yield per acre of tobacco is 813.5 pounds, as compared with the final estimate of 519 pounds in 1904; 786.3 pounds in 1903, and a six year average of 745.1. The average as to quality is 87.3 per cent, as compared with 85.5 per cent, one year ago, and 85.9 per cent. In 1978.

The preliminary estimate of the average yield per acre of rough rice is 29.6 bushels, against an average yield of 31.9 bushels in 1904 and 23.7 bushels in 1904 and 28.7 bushels in 1908. As this is the first time a condition of cotton harvested and not harvested as reported on and figures of previous years or with a ten year average.

The following table shows the condition of the cotton crop by States on November 1, 1905;

MORE BIDS OPENED TO BE REJECTED

Gondola of Coal Was Burning Public Printer Receives Proposals for the Fourth.

> Superintendent of Public Printing Davis Bottom yesterday opened bids for the fourth time for the various classes of State work, including printing and binding, and chances are that these will be rejected as all the others have been. The prices are practically the same as the others, though on some items they are lower. All the new bids come from Richmond concerns, though other printing houses in the State were invited to contest.
>
> The situation is now growing interesting, as a good deal of the State printing and binding is now waiting to be done. Again the legislature will be here in January, and considerable preparation will have to be made for that body. Six firms entered the lists this time. They were the Everett Company, The Hermitave Press. Clyde W. Saunders. The Ploot Printing Company, O. E. Fianhart and the Williams Printing Company. It hereins to look as if there will have Davis Bottom yesterday opened bids for

to he a move somewhere in the matter, owing to the very necessities of the

The employing printers are manifestly handleapped by the continued strike conditions, and can not afford to take the work at figures at which they could do it ordinarily. It would mean over time, night and Sunday work, and for this they think they should be comensated. Again, they are all crowded with work, and have less men employed, for the reason they have been unable to secure their full quoto.

A condition and not a theory exists, and it looks that unless these conditions are shortly immroved the State printing can not be done in Virginia at usual figures. The employing printers are manifestly

Where Woman Fails.

All women will be interested in, if they do not approve, the article of Ian Maclaren, in the Sunday Times-Dispatch, on "Where Woman Fails." The noted writer contends that woman, though endowed with admirable qualities which man does not possess, still lacks a sense of justice. He argues this position very cleverly, though the good women may not think so. Read what he has to say in the SUNDAY TIMES-DISPATCH.
